FireSmart BC Home Evaluation

We've identified a few steps you can take to increase your property's protection from potential wildfires.

☐

Clean your roof and gutters

☐

Keep grass cut to less than 10 cm

☐

Relocate propane, firewood or other fuel sources 10-30 meters away from your property

☐

Trim and prune any vegetation (i.e. trees, vines) that overhang your roof

☐

Remove fuel ladders by pruning trees on your property up to 2 metres from the ground

☐

Sheath the base of decks and balconies so embers can't collect here

☐

Replace flammable vegetation with FireSmart landscaping
