

The **FireSmart™ BC Information Sheet** was developed to provide an overview of resources, training and materials available to support communities that have been approved for funding through the [Community Resiliency Investment](#) program. [FireSmart BC's website](#) is a centralized resource dedicated solely to wildfire prevention through FireSmart activities for community members, local governments, wildfire management agencies, fire departments, land managers, First Nations and private industry throughout BC.

FireSmart BC Resources

All **FireSmart BC Resources** are listed under the [Resources](#) section on the [FireSmart BC](#) website. You can find resource documents and information filed under the categories listed below. *Please note that new resource materials are added on an ongoing basis.*

- Assessments
- Community Resiliency Investment (CRI)
- Education Materials
- Factsheets
- FireSmart Research
- Guides and Manuals
- Local FireSmart Representatives
- Photography
- Posters & Graphics
- Promotional Items
- Videos

[Community Resiliency Investment](#) – this page is dedicated to support Local Governments and First Nations involved in the Community Resiliency Investment (CRI) Program. It includes materials and resources that support CRI. Material includes information related to the Rebate Program, templates, courses, Community Wildfire and Resiliency Committees and more.

[FireSmart BC Communications Tool Kit](#) – Here you'll find a selection of FireSmart resources, links, videos and written content to help build your own FireSmart web page, campaign or social media posts.

Printed Resource Materials are available at no cost for local governments, First Nations and FireSmart Committees. For more information and to place your online order, visit [FireSmart BC](#).

Marks Use Directive – FireSmart™ and its associated Marks are governed by a licence agreement. Please visit the FireSmart BC webpage to request access to use the term FireSmart and its Marks and get more information on the approval process.

[FireSmart BC & Ember Approved Promotional Items](#) – Promotional items approved by the BC FireSmart Committee are available for purchase through Queen's Printers. These materials can be purchased using CRI funding.

FireSmart BC Education Resources

FireSmart BC has created a number of educational resources – before creating a new resource, please check to see if a templated version already exists.

[Ember's Den](#) – Meet Ember, the FireSmart Fox Mascot. Ember's Den is a great resource for kids and includes videos, activity sheets and more.

["Get FireSmart" Podcast](#) – The "Get FireSmart" Podcast is a place to hear powerful stories and lessons of impact from FireSmart leaders across BC. The 'Get FireSmart' Podcast is available wherever you listen to your favourite podcast. Download through [Spotify](#), [Apple](#) or [Google](#).

[FireSmart BC Education Kit](#) is to provide educators and other members of the FireSmart community the tools they need to present a unified FireSmart message throughout British Columbia. It is designed to be an all-in-one teaching resource for Grades K-12 and can also be used at public events. FireSmart BC Education Kits can be borrowed from local provincial fire centred or are available for purchase through [Queen's Printers](#).

FireSmart BC Training and Workshops

At FireSmart BC, we strive to create a community of continued learning. We offer a mix of course types – from the FireSmart 101 online course to Local FireSmart Representative workshops throughout British Columbia. Visit the [Courses](#) Section to learn more.

Contact Information

Visit [FireSmart BC](#) to learn more about how to increase awareness about FireSmart BC, its disciplines and how FireSmart can contribute to increasing property, neighbourhood and community resiliency to wildfire.
