Q: Is there a list of who is trained to do the farm and ranch assessments? Will there be another training session for Farms and acreages coming up?

A: The list of trainers is available [here](#)! The training will be offered on an annual basis.

Q: Are there any plans to update the FS Champions workshop ppt?

A: Yes, FireSmart Canada has recently updated these and they will soon be live on our website.

Q: Is the checklist for presentations Dan made in the resource list?

A: Yes - it is available here

<https://firesmartbc.ca/resources-lfr-portal/powerpoint-presentations/>

Q: Does or can Firesmart have any input to the provincial campsite tinderboxes?

A: We had some fuel treatments completed here in Provincial Parks Quesnel Forest district. They went well but lots & lots of layers to the onion!

Q: Ryan from the Home Partners Program here, if you are looking to join the upcoming Wildfire Mitigation Specialist Training, please email WMStraining@firesmartbc.ca with your name, participants from your community, and if you can host the course.

Q: How do we recover the login password for the LFR Den?

A: Email support@firesmartbc.ca or check your email for when you received your LFR certification.

Q: How long does the LFR certification last for? Do you need to renew every year?

A: You do not need to renew each year but we would recommend refreshing your knowledge and skills on an annual basis.
