

Firesmart BC Research Expression Of Interest

Please note that the information gathered in this application is being collected to assess your proposal. This application will be reviewed by FireSmart BC and member agencies of the BC FireSmart Committee. Your personal information will not be used or disclosed for any other purpose than stated, without your specific written consent or unless required to do so by law. Should you wish to have your personal information removed, changed, or if you have any questions regarding this document, please contact: research@firesmartbc.ca

Expression of Interest proposals will be evaluated based on the following criteria:

- Alignment of the project to the FireSmart BC Strategic Plan
- Expertise, suitability, and capacity of the project team
- Collaborative and partnership opportunities
- Potential for effective knowledge translation and extension to the intended audience

SECTION A – PROJECT IDENTIFICATION

General Information	
Project Title:	
Submission Date:	
Principal Investigator Organization/Affiliation:	
Principal Investigator Contact Information	
Name:	Affiliated Organization:
Telephone:	Email:
Mailing Address:	

FireSmart BC is an organization focused on public education of the scientifically backed principles and guidelines of FireSmart. FireSmart BC is interested in continuing and expanding both the effectiveness of FireSmart messaging as well as the scientific backing of FireSmart principles and guidelines. Translating research results and technical products, such as peer-reviewed journal articles, into guidelines, best practices, recommendations and actionable items that are accessible to end users is a priority.

SECTION B – PROJECT DETAILS

List project team members and collaborators and briefly describe how their abilities and/or expertise benefits this project. (500 words or less, please use bullet points where applicable).

SECTION B – PROJECT DETAILS

Provide a brief description of the project objectives and approach including target audience, impact and reach. (500 words or less, please use bullet points where applicable).

SECTION B – PROJECT DETAILS

Provide a brief description of the output of the project generally and possible outcomes that will help FireSmart BC and BC FireSmart Committee further research and deliver effective FireSmart programing to the province of B.C.. What will the products be? (500 words or less, please use bullet points where applicable).
